**February 4, 2014** — For the third consecutive year, interior design firm Haddad Hakansson of Belmont has been honored with a “Best of Houzz” award.

A full-service firm that specializes in kitchen and bath design, Haddad Hakansson was named Best of Houzz in the Customer Service category. The firm previously won for Customer Service (2013) and Design (2012).

Fewer than 1 percent of all interior designers with professional profiles on Houzz.com have won “Best of Houzz” award all three years they have been given. Customer Satisfaction awards are determined by a variety of factors, including the number and quality of client reviews a professional received on Houzz in 2013.

“Customer Service is the cornerstone of our success,” said **Kurt Hakansson**, principal. “We are passionate about making the design and remodeling experience enjoyable for our clients, and the feedback we get reflects that.”

Principal **Mark Haddad** agreed, adding: “We wouldn’t be where we are today without our fabulous client base. We are so grateful to our clients for recommending us on Houzz, which has so much influence worldwide.”

According to Houzz, 16 million monthly users saved more than 230 million professional images of home interiors and exteriors to their personal “ideabooks” in 2013. The site claims the largest residential design database in the world.

Professionals who win “Best of Houzz” awards are identified with badges on their Houzz profiles.

“We’re delighted to recognize Haddad Hakansson among our ‘Best Of’ professionals for customer satisfaction as judged by our community of homeowners and design enthusiasts who are actively remodeling and decorating their homes,” said Liza Hausman, vice president of community for Houzz.
